Report of Fire Department

The annual report of the Fire Department for the year ending Feb. 15, 1914. The year that has just passed has been a pretty busy year for the Department in regard to fires and that also means it has been expensive, but considering what the department has done in the way of saving property from loss by fire, we think it is money well spent. At the beginning of the year we had to purchase more hose than we figured on to take the place of old that was too far gone to stand the test, and that added to the expense, but we have it replenished now so that we are in hopes that none will have to be bought the coming year.

Owing to the demands from property owners outside of the fire limits there was added to the department the past year a 35 gallon chemical engine, 6 "pony" extinguishers which can be taken to any part of the town and greatly assist in saving property. The other apparatus of the department is in good condition.

In the past year there has been twelve alarms on the bells besides several stills, ten at Sunapee and two at Georges Mills, but at only two of them has the loss been of any account, the fire at the Hame Shop was the most serious one and caused a big loss but considering the place where it started and the handicap the department was up against in getting at it, we think it was a good piece of work done in keeping the loss to where it was.

We would recommend that a wagon be purchased for hose 3 at Georges Mills, to take the place of the small reel now in use and that a house for hose No. 2 be fitted up with heat so that the chemical engine may be kept there in Winter as well as Summer. We would recommend the sum of \$600. be raised for the maintenance of the department for the coming year.

Thanking the department for past duties well performed and the generous support from the town, we are

Respectfully,

MARTHA H. ABBOTT, Treasurer.

Trustees' Report

A problem that must be before us in the not very distant future is how to find room for the accumulating books. Our shelves are nearly filled, and we are rapidly outgrowing our present quarters.

The room has been heated another year, free of expense, and we voice the sentiment of the town in expression of appreciation.

A gift of fifty dollars was received last Summer from Mrs. Richard M. Colgate, with the request that the money be expended in books of history and travel, as well as fiction. Her wish was carried out. This is the second check of that amount from Mrs. Colgate, and we are profoundly grateful for her interest, expressed in this substantial way.

The years stock of books has just been purchased, and before this report is published they will probably be in circulation. With these we shall have about twenty-five hundred volumes, and subscribe for sixteen magazines.

We shall have some money left in the treasury, but there will be expenses of rebinding books and reprinting supplements, and a reserve is very desirable for summer bargains in books.

We beg to acknowledge the gift of two books from Mrs. Lucy J. Runals.

Respectfully submitted,

CHARLES H. OSGOOD,
MARTHA H. ABBOTT,
MARILLA M. BAKER,

Trustees.

School Report

TO THE INHABITANTS OF THE SCHOOL DISTRICT OF SUNAPEE:

There has been an unusually large number of changes in teachers this year. Last fall, out of the nine teachers whom we employ in the different schools, there were seven new ones. We take this opportunity to express our great appreciation of the faithfulness and ability of three who have been with us longest, and who resigned during this year. Mrs. Mabel G. Kempton of room, grades 3, 4, and 5, and Mrs. Daisy W. Young of room, grades 1 and 2 Centre School, closed their labors with us at the end of the spring term. During the Christmas vacation the principal of the Centre School, Miss May L. Harlow, resigned to accept a more desirable position in Pembroke Academy. Finding that the general sentiment of the town favored a male teacher, we secured to take her place, on the short notice, Mr. J. F. Burch of Biddeford, Me. who has had experience both as principal and supervisor.

We regret to say that instruction in music has been discontinued at the Centre School for the past two terms owing to the inability of the former teacher, Mrs. E. M. Smith, to carry on the work for the present.

At the Georges Mills school, an addition was made to the shed, the schoolhouse and shed have been shingled and painted, and the interior of the school-room has been painted. Water has been put into the schoolhouse with a lavatory and drinking fountain.

At the Centre School electric lights have been installed, with call bells. The school buildings of the town are now in good repair and the coming year will call for but little outlay along that line.

Last June a class of four, having completed the two years' course of the high school, was graduated. These were Margaret F. Morgan, Maurice G. Chase, Carl D. Parsons, and Francis Young.

The prize-speaking contest was a very pleasing feature of the spring term. The contestants had training under an elocution teacher and acquitted themselves with much credit. The first prize was won by Miriam Kempton, and the second by Mae Rowell.

Respectfully submitted,

HATTIE M. SMITH,

ALBERT D. FELCH,

MARTHA H. ABBOTT,

School Board of Sunapee.
